Due to your special circumstances the following applies as far as payment is concerned:

In cases of separation or divorce the parent/guardian bringing in the child for treatment is responsible for making payments according to the budgeted amount. The responsible parent can either:

Obtain payment from the other parent/guardian directly OR

Have the other parent/guardian supply us with his/her credit card information to be charged to their account monthly. (Send in attached form)

The amount will be determined according to the court documents, which you will supply to us, that show how the costs should be divided.

Both parents/guardians are still able to pay in full with appropriate discounts applied if they choose.

Thank you in advance for your cooperation.
